

Orlando Live

endoscopy

AUGUST 26-28 | 2020

JW MARRIOTT ORLANDO, BONNET CREEK RESORT & SPA | ORLANDO, FL

Advent Health

Hosted by Center for Interventional Endoscopy

Experience Orlando Live Endoscopy 2020

AdventHealth Center for Interventional Endoscopy is pleased to invite you to experience Orlando Live Endoscopy 2020. This symposium is designed to provide participants with a comprehensive education in interventional endoscopy. It will have eight components: live demonstrations, state-of-the-art lectures, breakfast sessions, interactive luncheon sessions, industry-sponsored satellite symposiums, self-assessment, hands-on-training and a parallel symposium for nurses and technicians. The live demonstrations will encompass ERCP, EUS, tissue resection, third space endoscopy, luminal therapies and bariatrics. In order to maximize your educational experience, a major focus of the live demonstrations will be to teach critical procedural steps and technical nuances.

State-of-the-art lectures will cover key topics and will be followed by a lively Q & A session. Panel discussions have been incorporated where interesting cases will be deliberated with the active participation of all delegates via the use of a dedicated mobile app. Small group breakfast sessions will provide an opportunity for the delegates to interact with faculty in an informal setting. The last day of the symposium is dedicated to hands-on training and didactic sessions that will cover bariatrics, pancreaticobiliary endoscopy and tissue resection. A syllabus book will be provided to all participating delegates that will contain critical information relevant to the practice of endoscopy.

A new addition to OLE 2020 will be a parallel symposium dedicated to endoscopy nurses and technicians. A world-class endoscopy unit does not only require the best people, it requires the best team, which means the endoscopy staff must be well-trained. We encourage you to bring your nurses and technicians to OLE 2020 to attend the parallel symposium which will be dedicated to their education and hands-on training. More details about the parallel symposium is available at AHCIEvents.com.

We sincerely hope that you will find Orlando Live Endoscopy 2020 to be of the highest educational value, as well as an enjoyable and an unparalleled experience.

Come join us in Orlando where the magic of endoscopy begins!

Dr. Naohisa Yahagi
Japan

Dr. Hironori Yamamoto
Japan

Learning Objectives

- Demonstrate recent innovations in endoscopy and evaluate their clinical utility and effectiveness in disease management.
- Demonstrate cutting-edge procedural techniques with emphasis on “how-to-do” applications and compare their performance with the current standards of care.
- Discuss how to manage disease and procedure-related adverse events.
- Outline the importance of an interdisciplinary approach to patient management.
- Discuss the key components for developing a comprehensive center of endoscopic excellence.

Live Demonstrations

Demonstrations will be performed by international experts at the Center for Interventional Endoscopy and will be transmitted live. Our goal is to highlight the latest developments in endoscopic approaches to gastrointestinal and pancreaticobiliary diseases. Cutting-edge techniques and the latest technology will be demonstrated in a practical manner to enable participants to incorporate this experience into their daily clinical practice. A major focus of the demonstrations will be on “when-to-do” and “how-to-do.”

Live procedures will cover six major techniques:

“The case presentations, live demos and discussions with the international faculty and panel were simply remarkable. The educational content of the Orlando Live symposium is exceptional in so many ways, which is why it has gained wide global recognition.”

Tajana Pavic, MD, PhD
University Hospital Center Sestre Milosrdnice | Croatia

Interactive Luncheon Sessions

Industry-sponsored luncheon sessions will deliberate critical issues in patient management pertaining to endoscopy via video case presentations and audience interaction. On day two of the symposium, an interactive luncheon session outlining steps required for developing a successful therapeutic practice will be conducted with the participation of invited and CIE faculty members.

Industry-sponsored Satellite Symposium

Industry-sponsored satellite symposium will be held on August 26th. Speakers will include international and national faculty, who will speak on new endoscopic developments in pancreatic-biliary diseases, tissue resection and their impact on clinical practice.

Self-Assessment

Interesting cases will be presented by the course directors in a video format. This will enable participants to self-evaluate their knowledge base in diagnostic and therapeutic endoscopy.

Hands-On Workshop

The objective of this workshop is to not only teach new techniques, but refine existing practices in order to provide delegates with a comprehensive experience. The workshop will also include didactic lectures that focus mainly on techniques and safe practices. Key areas that will be covered include:

- EUS-Guided Tissue Acquisition
- Lumen-Apposing Metal Stent Placement
- Celiac Plexus Interventions and Fiducial Placement
- Biliary Cannulation Techniques
- Biliary Interventions: Sphincterotomy, Stenting, Cholangioscopy
- Ampullectomy
- Tissue Resection
- Tunneling
- Tissue Ablation: RFA, Cryotherapy
- Hemostasis
- Perforation Closure
- Endoscopic Suturing for Bariatric Procedures

Parallel Symposium for Nurses and Technicians

Developing a world-class endoscopy unit requires a team effort. It is critical for physicians to partner with dedicated support staff to achieve this mission. With this objective in mind, a parallel two-day symposium for endoscopy nurses and technicians will be held at the AdventHealth Nicholson Center in Celebration, Florida (a 10 mile distance from the OLE 2020 conference center). Key aspects of the OLE 2020 live demonstrations will be transmitted to the Nicholson Center so nurses and technicians understand the critical role they play in procedural outcomes. Additionally, a state-of-the-art hands-on lab will be conducted where delegates will gain valuable experience learning new techniques and practical tips. Didactic lectures and small group breakfast sessions will be held so that delegates can focus on niche areas such as tissue resection, ERCP, EUS or bariatrics, so that they can assist their physician colleagues in developing a comprehensive center of endoscopic excellence.

CME Information

AUGUST 26-28 | DIDACTIC SESSIONS, INCLUDING OPTIONAL SESSIONS, AND HANDS-ON LAB

AdventHealth Orlando is accredited by the Florida Medical Association (FMA) to provide continuing medical education for physicians.

Designation Statement

AdventHealth Orlando designates this Live Activity for a maximum of **21.5 AMA PRA Category 1 Credit(s)**[™]. Physicians should only claim the credit commensurate with the extent of their participation in the activity.

Non-Endorsement of Products

As an accredited provider, AdventHealth Orlando has demonstrated experience and viable resources to provide valid and reliable evaluation of CME activities. The accuracy of the facts and opinions contained in this activity are the responsibility of the author(s) and do not necessarily reflect those of AdventHealth Orlando or its sponsors. Practitioners should consult primary resources, state regulations, and their healthcare facility policies and procedures for specific application of said content to their local situation. AdventHealth Orlando does not infer any real or implied endorsement of any product, service, or company neither referred to in this activity, nor of any company subsidizing costs related to this activity. All information contained in this activity is for educational purposes only.

AMERICANS WITH DISABILITIES ACT

AdventHealth is committed to making our activities accessible to all individuals. If you have a disability, please submit a description of your needs, along with your registration, to ensure that you will be able to participate in this activity.

MOC Credit

Successful completion of this CME activity, which includes completion of a post-test and participation in the evaluation component, enables the participant to earn up to 21.5 MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) Medical Knowledge program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit. The participant will only receive the MOC points upon successful completion (75% or higher) on post exam.

WEDNESDAY | AUGUST 26, 2020

6:30 am **REGISTRATION**

BREAKFAST SESSIONS

- 7:00 – 7:45 am Barrett's dysplasia: How to efficiently and effectively perform RFA and EMR?
J. Bergman
- Large rectal polyps: How to efficiently and effectively perform ESD?
H. Yamamoto
- EUS-guided biliary drainage after a failed ERCP: How to succeed and avoid complications?
T. Itoi
- Acute necrotizing pancreatitis: How to optimize drainage and avoid necrosectomy?
P. Deprez
- Massive upper GI bleeding: How to spray, glue, clip, clamp and coagulate?
G. Haber
- POEM: How to learn and perform effectively and safely?
A. Maydeo
- Bariatric endoscopy: How to determine what procedures to perform and how to establish a practice?
V. Kumbhari

7:50 – 8:00 am **WELCOME**
Terry Shaw, President and CEO, AdventHealth System

PROGRAM SESSIONS

MORNING SESSION

- 8:00 – 8:20 am Indeterminate biliary strictures: Evidence-based approach to diagnosis and treatment
T. Rösch
- 8:20 – 8:30 am Questions & Answers
- 8:30 – 10:30 am Live demonstrations
- 10:30 – 10:45 am Break and visit exhibits
- 10:45 am – 12:30 pm Live demonstrations
- 12:30 – 1:30 pm Industry-sponsored luncheon session
Video session - case presentations with audience interaction

AFTERNOON SESSION

- 1:30 – 3:45 pm Live demonstrations
- 3:45 – 4:05 pm Endoscopic resections – How to optimize outcomes?
N. Yahagi
- 4:05 – 4:15 pm Questions & Answers
- 4:15 – 4:30 pm Break and visit exhibits

INDUSTRY-SPONSORED SATELLITE SYMPOSIUM

- 4:30 – 5:30 pm Advances in pancreatic-biliary and endoscopic resection procedures
(with audience interaction)
- 5:30 pm Adjourn
- 7:00 – 9:00 pm **WELCOME RECEPTION**
JW Marriott Orlando, Bonnet Creek Resort & Spa

THURSDAY | AUGUST 27, 2020

BREAKFAST SESSIONS

7:00 – 7:45 am	Ampullary adenomas: How to resect successfully and avoid complications? <i>M. Bourke</i>
	Chronic relapsing pancreatitis: How to work up and how to manage? <i>N. Reddy</i>
	EUS-guided tissue acquisition: How to optimize outcomes? <i>R. Hawes</i>
	Large colon polyps: How and when to perform EMR vs ESD? <i>N. Yahagi</i>
	Difficult cannulation: How to achieve biliary access? <i>H. Neuhaus</i>
	Bariatric endoscopy: How to manage surgical adverse events? <i>V. Kumbhari</i>
	Outcomes in endoscopy: How to manage data, objectively evaluate outcomes and possibly get them published? <i>T. Rösch</i>

PROGRAM SESSIONS

MORNING SESSION

8:00 – 8:20 am	Interventional EUS – Indispensable for optimizing endoscopic treatment outcomes <i>T. Itoi</i>
8:20 – 8:30 am	Questions & Answers
8:30 – 10:30 am	Live demonstrations
10:30 – 10:45 am	Break and visit exhibits
10:45 am – 12:30 pm	Live demonstrations
12:30 – 1:30 pm	Industry-sponsored luncheon session How to build a successful (academic) endoscopy practice?

AFTERNOON SESSION

1:30 – 3:45 pm	Live demonstrations
3:45 – 4:00 pm	Break and visit exhibits
4:00 – 4:20 pm	ROBERT FULBRIGHT MEMORIAL LECTURE. Introductory remarks: <i>Brett Spenst, CEO, AdventHealth Orlando</i>
	Endoscopic management of adverse events – we have come a long way baby! <i>H. Neuhaus</i>
4:20 – 5:00 pm	Self-Assessment – Video-based case modules <i>S. Varadarajulu</i>
5:00 pm	Adjourn

FRIDAY | AUGUST 28, 2020

TIME	DIDACTIC HOW-TO SESSION	HANDS-ON WORKSHOP
8:30 – 11:30 am	Group 1	Group 2
11:30 am – 12:15 pm	Lunch	Lunch
12:30 – 3:30 pm	Group 2	Group 1

Course Highlights

Delegate participation
from over 50 countries

Target Audience

Gastroenterologists, general surgeons, fellows-in-training, and allied health professionals.

Registration Fee

PHYSICIAN:

Didactic Sessions\$650 USD

Didactic Sessions and Hands-On Lab\$800 USD

OTHERS (FELLOWS-IN-TRAINING, ALLIED HEALTH AND INDUSTRY PROFESSIONALS)

Didactic Sessions\$450 USD

Didactic Sessions and Hands-On Lab\$575 USD

**The registration fee covers general session, live demonstration, breakfast and lunch.*

Hotel Reservations:

JW Marriott Orlando, Bonnet Creek Resort & Spa
14900 Chelonia Parkway
Orlando, FL 32821

The newly opened JW Marriott Bonnet Creek Resort & Spa brings luxury and family fun with its resort pool and splash pad, specialty restaurants, and rooftop terrace boasting nightly views of theme park firework displays.

A group discount has been arranged for all participants.

Self Parking Daily Rate: \$20.00

Complimentary Transport:

Complimentary transportation has been organized for commute to the Nicholson Center Celebration hands-on lab on Aug 28, 2020.

All participants are responsible for their own travel and lodging accommodations.

For more information on hotel reservations and transportation, please visit AHCIEevents.com, or call 407-303-9779 or email renay.crowe@adventhealth.com.

Visa Invitation Letter

Overseas delegates can request an invitation letter by emailing Renay Crowe at renay.crowe@adventhealth.com.

Registration Information

To register, please visit AHCIEevents.com or call 407-303-9779 for more information. You can also register by scanning the QR code.

If you encounter any difficulty at registration, please email renay.crowe@adventhealth.com or call 407-303-9779.

Cancellation Policy

Registrations cancelled before August 12, 2020 will be subject to a full refund. Registrations cancelled after August 12, 2020 will not be refunded.
