

Process to Become a Florida Hospital Volunteer

Volunteers are a vital part of AdventHealth Dade City/AdventHealth Zephyrhills. They bring a variety of experience and talents to the overall program and patient experience. Our volunteers are valued. The process to become a volunteer is as follows:

1. Obtain an application from the Volunteer Office, the main Information Desk or online at www.AdventHealthDadeCity.com or www.AdventHealthZephyrhills.com.
2. Upon completing the application, call (813) 779-6256 or come by the Volunteer Office at AdventHealth Zephyrhills to set up an appointment for an interview.
3. After satisfactorily completing the interview, a background check request will be submitted through Human Resources.
4. After clearance of the background check, the Applicant will be scheduled for drug, nicotine and tuberculosis (TB) screening. These screenings will be scheduled with Employee Health at no cost to the Applicant. Teens must be accompanied by a parent or guardian. If a TB evaluation has been completed within a year's time, a copy may be presented to the Employee Health nurse. Flu shots are required once a year.
5. Upon clearance from Employee Health, the Applicant will be scheduled to attend orientation where they will receive a final confirmation to their assignment, badge and shirt.

Becoming a volunteer can take anywhere from 3 to 6 weeks depending on when the Applicant initially fills out the application. This process is necessary to ensure the hospital meets all the requirements and standards set by AdventHealth Dade City/AdventHealth Zephyrhills and other governing agencies.
