

# A new breast screening experience is here.

## The Simpson Breast Health Center

invites you to the future of mammography with a system that promotes a sense of calm, elegant lighting and gentle, rounded shapes. Senographe Pristina was built with one objective in mind: to ease your anxiety from the moment you enter the exam room with 3D and patient-assisted compression. You'll need to experience it to truly realize what it can do for you. Mammograms don't need to be painful anymore.

**Schedule an appointment by calling 813-779-6278.**
