TO ALL MAMMOGRAPHY PATIENTS:

- I understand that mammograms do not detect all breast cancers, and that they must be combined with periodic physical exam, monthly breast self-exam, and comparison with any prior mammograms.
- I understand that any time I develop a ***NEW*** breast problem OR if I am having any new breast problems now, it is my responsibility to report this to my physician, and also to the technologist at the time of my mammogram.
- I understand that anytime I have been scheduled for a screening mammogram but have a ***NEW*** breast problem, I may need to have a diagnostic mammogram and/or breast ultrasound, which my physician will need to order.
- I understand that I must contact my physician for my final mammogram results.
- I understand if I have self-referred myself for my mammogram, I will receive my results from this facility within 30 days.
