Executive Welcome

Dear Friends and Family of AdventHealth,

It fills me with immense pride to serve alongside each one of you, our esteemed board members, donors and advocates. Your generosity knows no bounds! As your biggest cheerleader, your hard work, compassion and generosity move me deeply, and I am sincerely grateful for all that you do.

THANK YOU!

This newsletter serves as a celebration of the joy of giving, a showcase of the remarkable stories of your philanthropy in action. During my visits to our hospitals and with our caregivers, I see the impact of your kindness firsthand. Know that your efforts are making a tangible difference in the lives of our patients.

You all inspire me to do more, help more, GIVE more!

Every day, AdventHealth achieves new heights of medical excellence and patient care, and I am thrilled to see our collective efforts contributing to this progress.

Let us continue to serve with purpose, give generously and inspire others to do the same! Sending love and heartfelt thanks to you all, and thank you for your unwavering support.

Warm regards,

A handwritten signature in blue ink that reads "Brea Weiss".

Brea Weiss

Executive Board Chair | AdventHealth Foundation Central Florida

ON THE COVER

The SMILE with Stella Tremonti Down Syndrome Clinic opened in 2023, and is the first lifespan Down syndrome program in the Southeast. The clinic was named in honor of Mark and Victoria Tremonti's daughter, and was made possible thanks to the significant philanthropic investment of several incredible donors. Read more about this effort on pages 8-9.

Meet Our Team

Dear AdventHealth Family,

Your inspiring support of AdventHealth's mission helped us raise an impressive **\$20.6 million** in 2023. Your generosity has advanced whole-person care across Central Florida and I am deeply grateful for your commitment to our mission of health and healing.

This year's Spirit of Giving newsletter offers a glimpse into the significant impact your gifts are making. Beyond the annual financial report, you will hear from grateful patients, see memorable moments, discover the impact of legacy gifts and more.

Alongside these joyous achievements, there remain medical breakthroughs that are reliant on your generous donations. Your contributions are catalysts for remarkable change and progress and we want you with us each step of the way.

This year, we humbly encourage you to direct your fundraising efforts toward causes that resonate deeply with you. Each dollar raised plays a crucial role in providing the best care for you and your family, right here in our community.

We are excited to accomplish great things together.

Sincerely,

David Collis

TWENTY THREE MOMENTS IN 2023

23

New AdventHealth for Children program will be the First Lifespan Down Syndrome Program in the Southeast

The SMILE with Stella Tremonti Down Syndrome Clinic is named after the daughter of Creed guitarist and Alter Bridge singer, Mark Tremonti, and is the first lifespan Down syndrome program in the Southeastern United States. This program fills a crucial gap for some of the estimated 200,000 people in the U.S. with Down syndrome allowing more children, adults and families to access comprehensive, world-class medical care.

“For a child with Down syndrome, early access to quality medical care has the power to change the trajectory of their life,” said Dr. Rajan Wadhawan, senior executive officer of AdventHealth for Children. “By establishing this much-needed program, our clinicians and caregivers have the opportunity to make it easy for parents and families to tap into the medical care

they need and deserve and make lifelong impacts in the lives of children.”

Based at AdventHealth’s flagship campus in Orlando, the clinic is led by board-certified physicians specialized in providing whole-person primary care for individuals with Down syndrome and coordinating appointments and treatment plans within the health system’s expansive network of pediatric and adult specialists.

The Need for Adult Care

Roughly 5,100 children are born with Down syndrome in the U.S. every year, making it the most common chromosomal condition.

Access to adult care has never been more important for the Down syndrome community, as medical advancements have dramatically increased the life expectancy

of individuals with Down syndrome from just 10 years old in 1960 to 60 years old today.

“There is a tremendous need for medical providers who can take care of adults with Down syndrome. In some areas, those medical providers are nonexistent,” said Dr. Asef Mahmud, lead physician for the program’s adult care. “Now, patients and families can take comfort in knowing there’s a comprehensive medical program to care for them their whole lives, from diagnosis through childhood and adulthood.”

Making a Difference for Children and Families

AdventHealth for Children created this nationally leading, comprehensive program thanks to the combined philanthropic efforts of our partners, including the National Down Syndrome Society (NDSS), the Down Syndrome Association of Central Florida (DSACF), Mark and Victoria Tremonti, AdventHealth for Children Foundation Board members, Kimberly and John Ehrhard, and 14 Founding donors.

“After we found out our daughter would be born with Down syndrome, like most

The Tremonti family at the clinic’s launch on October 17. The event was featured in local and national media, including the front page of the Orlando Sentinel.

\$1M RAISED

to provide services through the SMILE with Stella Tremonti Down Syndrome Clinic

parents I was afraid, I didn’t know what to expect. But it immediately became my family’s mission to raise awareness and support for the Down syndrome community,” said Mark Tremonti. “My dream for this clinic is for people to come from around the country or even from around the world because it’s the best and most comprehensive place for individuals with Down syndrome.”

In March 2024, a special event unveiling a donor wall with the names of the Founding Members of the Stella Tremonti Down Syndrome Clinic was held at the complex care clinic on Princeton Road in Orlando. The names are displayed in honor of the shared vision that began with the Tremonti’s love for Stella.

The SMILE with Stella Tremonti Down Syndrome Clinic is a dream come true for many families in Central Florida and beyond. The clinic serves as a beacon of hope for children and adults with Down syndrome who will always have a place to receive whole person care. **If you would like to support this program, visit: Give.AdventHealth.com/DownSyndrome.**

Mary's Fight for Her Life

Dr. Sebastian De la Fuente and Mary Broda

Mary woke up from an endoscopic ultrasound to find Dr. Yang holding her hand, not realizing she was about to receive the most devastating news of her life. Mary had arrived at AdventHealth Orlando that morning from AdventHealth Apopka after her bloodwork showed signs of concern in her liver enzymes.

The results from her ultrasound would later be confirmed as stage 4 pancreatic cancer. Mary was placed under the care of board-certified oncologist Dr. Grant Jester, who encouraged her, "I need you to fight, and we will fight with you."

Mary fought for the next 21 days in the hospital, three of those days in the ICU, without knowing if she was going to live or die. When her 15 year old daughter asked, "Mom, are you dying?" Mary was jolted by the enormity of the situation. She assured her daughter, "No, I'm fighting."

In August, Mary began rigorous chemotherapy at AdventHealth Celebration with the help of Dr. Jester,

Dr. Grant Jester with Mary

"He was there for me whenever I needed him," shared Mary as she reflected on her time, "For the doctors to show that kind of care and concern, to me, says something about AdventHealth as a whole."

By January, Mary had endured 12 rounds of chemotherapy, 9 medical emergencies, and over 59 days (about 2 months) in the hospital. On her 50th birthday, Mary was admitted to the hospital where Dr. Jester gave her a big hug and delivered the good news that she was now a candidate for a pancreaticoduodenectomy (also known as a Whipple procedure) to remove the tumor, "You deserve this," he said.

Dr. Sebastian De la Fuente led her surgery on February 24, and declared that all her margins were clear. "Go and celebrate. You're good." Mary continues to be under the care of Dr. Jester with scans every three months to monitor for any potential re-occurrence. To this day, she has no evidence of disease.

Thanks to the advances achieved through cancer research and the complex Whipple procedure, Mary's treatments thus far have helped her return to whole health.

Be a Mindleader

Research shows that one in five children suffer from some type of mental health disorder. In addition, half of all lifetime mental health conditions start before age 14, with 75% having an onset before age 24. Knowing your child's internal world and addressing conditions early can dramatically impact the rest of a child's life, so they can thrive in body, mind and spirit.

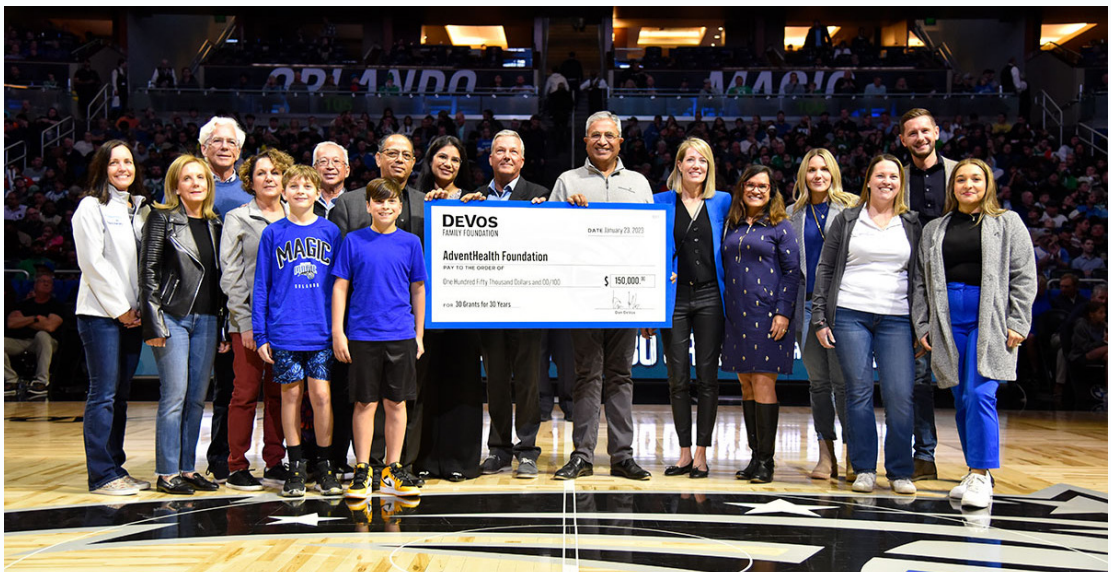

At the beginning of 2023, AdventHealth for Children and Heart of Florida United Way teamed up to launch a destigmatization campaign around youth mental health focusing on children and families, especially those in the Creole and Latino communities.

This effort's goal is to destigmatize the the challenges surrounding mental health within families by facilitating informed, life-changing conversations between kids and the adults in their lives.

The "Be a Mindleader" campaign builds on an inspiring **\$6 million gift** from Dr. Phillips Charities. In addition, we extend our deepest appreciation to The DeVos Family Foundation and many compassionate individuals, whose support has been instrumental in advancing pediatric mental health initiatives.

At AdventHealth for Children, we care about every child's whole health. And mental well-being matters when it comes to overall health. Find out more information and resources to help you talk with your children at **BeAMindLeader.com**.

AdventHealth for Children supporters, including Rita and Jeff Adler, David and Judy Jang, Dr. Rajan Wahadwan, Ryan and Michelle DeVos and members of the clinical team including Drs. Lalit Chaube, Tina Gurnani and Michael Westerveld.

The Diane Holm Women's Pavilion

Eric and Diane Holm

AdventHealth Winter Park is more than just a hospital to Eric and Diane Holm — it's a beacon of hope and healing. Their recent philanthropic gesture — a generous **\$1 million gift** — stands as a testament to their unwavering commitment to advancing women's health care in the region. The Holm's openhearted gift is recognized in the naming of the Diane Holm Women's Pavilion at AdventHealth Winter Park.

The Diane Holm Women's Pavilion serves as a cornerstone of excellence, offering a myriad of state-of-the-art services tailored to meet the unique needs of women. From preventative screenings to specialized treatments, services offered in the Pavilion provide a holistic approach to women's health, ensuring that every patient receives personalized care of the highest caliber.

RAISED \$2.3M
for Women's Care

In addition to the Holm's recent gift to the Diane Holm Women's Pavilion, in 2017 their philanthropic support also made possible the Winter Park NICU Holm Family Dreamery.

Well known for their entrepreneurial acumen and commitment to community service, Eric and Diane Holm serve their community with passion. Eric manages the family's many successful ventures, including Metro Corral, Holm Donuts, Holm Hotels, Holm Subs, Colt's Pig Stand, and Peach Valley Cafe. Diane focuses on the businesses' charitable and community involvement initiatives.

Despite having busy schedules, Eric and Diane remain deeply committed to giving back to the community. Eric serves on the board of directors of the Catholic Foundation of Central Florida and the advisory board of the Salvation Army Orlando Area Command, in addition to his national advisory role with the Salvation Army.

Together, Eric and Diane Holm serve as co-chairs of the AdventHealth Foundation Winter Park Board. In this role, they offer their time and resources to share information throughout the community, inviting others to share their passion for exceptional health care in Winter Park.

In the Holm's philosophy of business, the couple embraces the ethos that "there is no finish line," embodying a spirit of continuous growth, innovation and generosity.

A Physician's Legacy of Saving Lives and Inspiring Philanthropy

Dr. Andy Taussig was on vacation when he received a call informing him that a dear patient had suffered a heart attack and was being treated at a Leesburg area hospital. Dr. Taussig's clinical judgment led him to have the patient airlifted to AdventHealth's Orlando Cath Lab where Dr. Bassem Barsoum conducted a procedure involving two stents and saved the patient's life.

The journey with Dr. Taussig and the patient's family spans more than 35 years, a testament to the enduring impact of his care. "Dr. Taussig has kept that man alive for at least 35 years or more. A big, big thank you to all of them," shared the gentleman's wife. Moved with profound gratitude, the couple made a magnanimous **\$1 million gift** to support AdventHealth Heart, Lung and Vascular strategic priorities in 2023.

This is not the first time the grateful couple has responded with a significant heartfelt gift. In 2019, Dr. Taussig, Dr. Kevin Accola and Dr. David Varnagy performed two surgeries to treat this gentleman's heart condition. Over the years, the family has donated a generous **\$2.5 million** to heart, lung and vascular care at AdventHealth. Dr. Taussig described this special family as, "Phenomenal friends of AdventHealth" who are truly leaving a legacy. "After all is said and done, the legacy you leave is the people that you touch in the community."

Reflecting on his extensive tenure at AdventHealth, Dr. Taussig shared his humble gratitude for the countless lives he's touched through more than 20,000

procedures. It's not the surgeries or interventions he reflects on the most, but rather the profound connections forged with patients and their families over the years. "I miss the patient interactions. I know their families and kids and in some instances their grandkids," shared Dr. Taussig. This grateful family exemplifies that bond, evolving from patients to cherished friends.

For Dr. Taussig, the greatest reward lies not in accolades or monetary gain, but in the enduring impact he leaves on his patients and the community. As this remarkable family demonstrates, the greatest gifts come from the heart.

Dr. Andy Taussig

ADVENTHEALTH FOUNDATION CENTRAL FLORIDA SIGNATURE EVENTS

Clay Shoot

Our 22nd Annual Sporting Clay Shoot was a sold-out event. **277 shooters helped raise \$110,000** for the future doctors, nurses and clinical staff attending AdventHealth University in addition to impacting various programs and services at AdventHealth.

RAISED \$110,000
for Future Caregivers

Pink On Parade

Breast cancer survivors and families rallied on October 8, for the 11th Annual AdventHealth Pink on Parade 5K to showcase the POWER in pink. It was a celebration and renewal of hope for the brave individuals in our community battling breast cancer, survivors who have won their fight and those who shine on through their loved ones.

RAISED \$150,000
for Breast Cancer

Fundraising efforts achieved a record **\$150,000** to support early detection screenings, research, wellness and lifestyle

resources and survivorship education programs. The greater community witnessed that there is truly POWER in pink.

Golf Classic

More than 200 community partners and AdventHealth leaders came together at Reunion Resort and Golf Club on April 14, to support patients and families. Collective efforts helped **raise over \$95,000** to support the health care journey of our community.

RAISED \$95,000
for AdventHealth
programs and services

Golden Gala XLII

AdventHealth Golden Gala XLII was a remarkable celebration of the human spirit. Friends and supporters of AdventHealth gathered at Dr. Phillips Center for the Performing Arts on Nov. 19, 2023, and heard from AdventHealth leaders, Randy Haffner, President/CEO AdventHealth Florida and Brian Adams, President/CEO AdventHealth Central Florida Division who shared highlights of the latest philanthropic achievements of AdventHealth. Each achievement was only made possible through dedicated supporters like you, who embody generosity as a way of living.

Lee Alexander was recognized for her role as the Golden Gala XLII Chair by President of AdventHealth Foundation Central Florida, David Collis, who thanked her for her many years of service. Lee, along with the

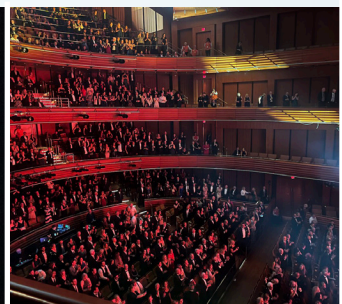

RAISED \$1.5M+
for AdventHealth
programs and services

AdventHealth Circle of Friends, spent untold hours planning, collecting auction items and numerous other tasks to ensure the event's success.

An inspiring **\$100,000 gift** from Executive Board Chair Brea Weiss and her husband, Al, set the stage for an unforgettable performance by award winning musician, Sting.

Golden Gala XLII raised more than **\$1.5 million** to support AdventHealth programs and services, impacting countless lives in our community and reflecting the human spirit within each of us.

Grateful Hearts Behind Legacy Giving

A planned gift, also known as a legacy gift, is a charitable donation that is often structured to provide immediate benefits to you and future support to areas at AdventHealth that are meaningful to you. This includes tax advantages, income for you or a beneficiary and the long-term sustainability of whole person care at AdventHealth.

In 2008, Kirk Gagnon's father was rushed to AdventHealth after experiencing a life-threatening cardiac emergency while vacationing in Orlando. He underwent two critical surgeries — quintuple (5x) bypass and carotid artery — performed by Dr. Jorge Suarez, whose expertise and swift action saved his life. To Kirk's immense relief, his family also received patient financial assistance that covered all medical expenses — a gesture of support that alleviated the burden during a harrowing crisis.

Fifteen years later, following his father's passing, Kirk was determined to honor his father's legacy as well as express his gratitude for the exceptional care his father had received at AdventHealth. Kirk made a **\$50,000 planned gift** to support the Trina Hidalgo Heart Care Center which assists underserved patients, mirroring the compassionate assistance Kirk's family received.

Tom Galvagni and Marjorie Bannish recently made a **\$40,000 gift** to support the Adler Family Coordinated Care for Kids Clinic (CCK) at AdventHealth for Children. The gift stems from a deeply personal connection to their neighbor, Joe Jefcik whose son Brian, faced complex health issues throughout his life. Brian was under the care of AdventHealth for Children. Brian not only survived, but thrived in his 24 years of life, ultimately graduating from college — a testament to the transformative impact of whole person care.

When Joe passed, he left his estate in the hands of Tom and Marjorie. His only request was that they make a sizable donation to the Children's hospital for caring for Brian. In remembrance of their dear neighbor and friend, Tom and Marjorie also made a planned gift by designating a portion of their home's value to support the complex care clinic in their estate.

We are grateful to these compassionate individuals for honoring their loved ones and leaving a legacy of whole person care.

Sharing Smiles

Sharing Smiles has transformed the lives of more than 26,000 people by providing free facial reconstructive surgery, pediatric dentistry and pediatric rehabilitation services.

through no fault of their own, are born with a congenital deformity that's front and center. Through a couple hours in a day, we can really change their entire life."

Chrystle Morris shared more about her experience, "Charity is a priceless gift, whose compensation is fulfillment. My experience in Merida, Mexico was just that — fulfilling. You all have to experience something like this for yourself. Only then can you comprehend the meaning of that deep flutter within your heart. However, If you're unable to partake in something like this, there are other impactful ways to give back."

Thank you to Dr. Chris Dobson, Dr. Raj Swah-Martinez, Dr. Ravi Bissessar, and Chrystle Morris, DNP, CRNA, and other compassionate individuals for sharing your talents with the children and families in Merida, Mexico.

In 2023 alone, Sharing Smiles completed 10 mission trips across six countries and performed a culmination of over 565+ surgeries and procedures and over 96+ individualized treatment plans and screenings.

Generous volunteers, including Dr. Raj Sawh-Martinez, a board-certified plastic and reconstructive surgeon, joined the trip to Mexico this year, "People have very strong stigmas against these poor children who,

Day of Giving

For the past six years, AdventHealth for Children's Day of Giving has supported families who face financial struggles while they are caring for a hospitalized child.

On December 13, in AdventHealth's Studio 7, Day of Giving 2023 featured iHeart radio hosts, Chad and Leslye from Magic 107.7 as well as Jenny and John from Rumba 100.3. The live radio broadcast was full of hope and healing and invited listeners to support AdventHealth for Children.

In addition to pledging their support for AdventHealth for Children's patient families, many callers shared stories about the compassionate care they or their loved ones received at AdventHealth.

New to this year's Day of Giving was a live stream hosted by Brian Dickerman with special guests Dr. Raj Wadhawan — CEO for AdventHealth for Children, Dr. Michael Keating, CMO for AdventHealth for Children, Mrs. Claus, former patients and incredible performances from Orlando Opera, The Voice finalist — Omar Cardona, local singer-

♥ **RAISED \$40,000**
👉 **for patient assistance**

song-writer — Cesar De La Roza and former Miss America — Ericka Dunlap.

At the Children's hospital, AdventHealth team members, physicians, caregivers and donors gathered around the main lobby to bring toys and gifts, watch the live stream and grab a cup of coffee as a thank you for their donation to the day of giving.

Thanks to the generosity of our community, Day of Giving 2023 raised **over \$40,000** to help struggling families.

AdventHealth Foundation Central Florida is a tax-exempt, community-benefit hospital providing exceptional health care. We create excellence in partnership with thousands of people who give in different ways. Generosity has been part of our legacy since AdventHealth, formerly Florida Hospital, was founded in 1908. Join us as we continue to dedicate ourselves to the great purpose of providing hope and healing for people in our community and beyond.

National Recognitions

AdventHealth is ranked **#1 in Central Florida**
for the 13th year in a row by U.S. News & World Report and ranks
nationally in 4 specialties and is **high performing in 25 procedures.**
