Physician Champion, Dr. Joseph Lopez, demonstrates exceptional commitment to advancing the vision of AdventHealth through philanthropy. Through his leadership, advocacy and connections, he has become a champion, positively impacting the community and enhancing AdventHealth's ability to deliver exceptional care and services. His dedication to improving pediatric head and neck cancer care inspired a \$1M gift to establish the first pediatric head and neck training program. His passion for making a difference is

evident whether he's advocating for funding, welcoming donors and students, or serving on medical mission trips. Dr. Lopez was recognized for his contributions to expanding research, improving clinical outcomes, and training future surgeons to care for our most vulnerable patients.

Community Catalyst

The Vosburg family was recognized with the Community Catalyst award for their dedication, significant mobilization of community support and resources, and substantial contributions to AdventHealth's mission.

Melissa's Race began in 2016 in memory of Melissa Vosburg, a beloved teacher and Sanford resident. The race has grown into the largest brain cancer charity 5K in Central Florida.
