

Attention Members: Wellness Center / Day Spa CLOSURE

AdventHealth Wellness Center Celebration

Dear Valued Member,

We're committed to providing a safe, healing environment at AdventHealth. One of the ways we can protect our visitors, patients and team members is by limiting the potential spread of coronavirus.

We are closing all non-medical services based at AdventHealth Celebration beginning Tuesday, March 17 until further notice. This includes the Wellness Center and Day Spa.

Our team has been closely monitoring COVID-19 developments and following the guidance of our clinical leadership, the Centers for Disease Control and Prevention and the Florida Department of Health. We will continue to assess this evolving situation and update you as soon as our plans to re-open are determined.

Updates will be posted on our Facebook page (@AdventHealthWellnessCenterCelebration) and via email. We will also share updates on our app, which you can find by searching "Celebration Fitness" on your phone's app store.

**If you have membership questions, please email Alexis.Clement@adventhealth.com.
For Day Spa service questions, please email Kristin.Samuels@adventhealth.com.**

If you have general questions about COVID-19, AdventHealth has a free, 24/7 phone service for Floridians to speak with a nurse at 877-VIRUSHQ.

We thank you for your continued patience and understanding.
