SUMTERVILLE, FL

FEB 20 2026

AdventHealth

25TH ANNUAL

— SPORTING — CLAY SHOOT

Join us for the 25th Annual Sporting Clay Shoot at Blackjack Sporting Clays in Sumterville, Florida. This is a unique opportunity to enjoy one of the fastest growing shooting sports while supporting our commitment to make the Central Florida community a healthier place to live.

Event Details

Blackjack SportingClays

3372 CR 526 Sumterville, Florida 33585

February 20, 2026

8:30 am Registration, 9:30 am Shotgun Start

The “Shoot” will be held at the newly developed Blackjack Sporting Clays in Sumterville, Florida. Located approximately 50 minutes from downtown Orlando, Blackjack Sporting Clays is a pristine venue for shotgun sports. When all the smoke clears, a BBQ lunch will be provided, and prizes will be awarded. Blackjack Sporting Clays will review safety measures, shotgun sports etiquette and shooting tips before the event. With your contributions, you can support AdventHealth University or one of our many programs and services.

For more information, contact Carla Biermann at carla.biermann@adventhealth.com.

About the Cause

AdventHealth University (AHU) is a leader in allied health and nursing education. Across the nation, there are critical shortages in nursing and allied health professions. By educating qualified, well-trained health care professionals, AdventHealth University helps to fill this growing gap. Proceeds from the event will be used for merit scholarships to encourage high-achieving students who demonstrate a mission-focused mindset, strong academics, leadership and service to enroll at AdventHealth’s University. By participating in this fundraising event, you can help AHU prepare the future health care leaders of Central Florida while supporting essential programs and services at AdventHealth.

“I knew I wanted to study pre-med at an Adventist school and when I was offered the presidential scholarship from AHU I felt that it was a sign that this is where I should be. The funds I received from the scholarship will help me in my ultimate journey of going to medical school and becoming a surgeon.”

-Samantha Clarke, current AHU student
