

## Caring for our Community Through Corporate Partnerships

At AdventHealth, it's important to us to be firmly rooted in the communities we serve. Through our **Corporate Partners Program**, we have the opportunity to build meaningful relationships with business and community leaders that help us grow our culture of philanthropy and elevate health care.

Generous members of the Corporate Partners Program receive exclusive networking opportunities, donor recognition and signature event benefits.

## 100,000 Minds, One Purpose

Nationwide, AdventHealth has more than 100,000 healing hands and medical minds, and over 1,200 care locations. In West Florida, we have 15 hospitals, 11 freestanding offsite emergency rooms and a robust network of care all **connected by our commitment to support your body, mind and spirit.**

In 2024, our Foundations invested more than \$8.8 million back into our hospitals to support critical facilities, programs and technology. This included investment in leading-edge simulation equipment for the OB-GYN GME program at AdventHealth Tampa, support for workforce development and the maternal fetal medicine program at AdventHealth Ocala, installation of a cutting-edge CT scanner in the emergency department at AdventHealth Wesley Chapel, the addition of a new 3D mammography machine at AdventHealth Lake Wales and much more.

Please join us in our continued investment into our hospital and communities, alongside our unwavering promise to provide exceptional, quality care.

# Moving Health Care Forward

We help our community live healthier, more whole lives by identifying the greatest areas of need and supporting vital initiatives. This includes providing leading-edge technology and advancing cardiac care.

Our West Florida hospitals have numerous patient care initiatives that need funding. We look forward to working with you to match a project or program that fulfills your goals and helps move our mission forward.

## Foundation West Florida Area of Greatest Need

Your gift to the greatest need gives us the flexibility to fund patient care priorities, including innovative technologies, new facilities and health and wellness programs.

## Care 360° Program

Our Care 360° Program is free for patients and allows them to transition from the hospital to home or another care facility. Your investment in Care 360° will change lives by providing rides to patients in need and supplying clinical kits for recovery at home.

## Health Care Explorers

The Health Care Explorers program empowers youth ages 16–20 across seven Florida counties to explore diverse health care careers through immersive learning and mentorship. Your investment will enhance outreach and recruitment, cover staffing costs for training volunteer mentors and fund interactive events, workshops and simulation lab opportunities.

## Caring Hearts Employee Emergency

Anyone can fall on hard times. Funds from Caring Hearts allow team members who experience extreme financial hardship to apply for up to \$1,000 per year for immediate bill support. Applications are reviewed by committees and funds go directly to the vendor(s).

## Global Missions

AdventHealth Global Missions amplify the AdventHealth mission, extending the healing ministry of Christ, to the world. Our West Florida Division, with mission partners in Ecuador, Chile and Ukraine, is part of a global network providing health care services in 16 countries. Your gift can help us bring hope and healing to those in need throughout the world.

## AdventHealth University

Your gift will provide financial support to AdventHealth University Tampa students through scholarships. This assistance will help ease financial burdens for students in need, enabling them to focus on their education and clinical training. It also helps us address the nursing shortage and empower the next generation of compassionate, skilled caregivers.

## Foundation West Florida Events
