

Amount Generally Billed Calculation

07/01/2021

AdventHealth Great Lakes Region calculates one AGB percentage using the “look-back” method and including Medicare fee-for-service and all private health insurers that pay claims to the Organization, all in accordance with IRS Reg. Sec. 1.501(r)-5(b)(3), 1.501(r)-5(b)(3)(ii)(B) and 1.501(r)-5(b)(3)(iii). The details of that calculation and AGB percentage is described below.

Facility Name	AGB
AdventHealth Hinsdale	27.9%
AdventHealth La Grange	25.6%
AdventHealth GlenOaks	28.1%
AdventHealth Bolingbrook	26.4%
AdventHealth Medical Group	46.0%

This AGB percentage is calculated by dividing the sum of the amounts of all of the hospital facility’s claims for emergency and other medically necessary care that have been allowed by Medicare fee-for-service and all private health insurers that pay claims to the hospital facility (separately for facility charges and professional services) by the sum of associated gross charges for those claims. The only claims that are utilized for purpose of determining the AGB are those that were allowed by a health insurer during the 12-month period prior to the AGB calculation (rather than those of claims that relate to care provided during the 12 months).
