The Story of the Stuart F. Meyer Hospice House

Located on the northeast corner of the AdventHealth Palm Coast campus, the Stuart F. Meyer Hospice House opened in 2007 in memory of Stuart. Originally funded by his family, friends, and our community, this beautiful 8-bed hospice house is a general in-patient unit, designed with a home-like environment. To date, more than 3,000 families have been assisted at our Hospice House which is staffed around-the-clock by hospice trained care givers.

Your gifts help us to provide updates and improvements to patient rooms and the overall house, such as completely repainting inside and out and new floors. Upgrading mattresses and beds, providing comfortable sleeper sofas and recliners, as well as TVs, CD players, and patio furniture are examples of how we are changing to enhance the overall experience for our patients and their loved ones. Through generous donations, we continue to support the mission of our hospice care team, continuing to provide compassionate care at the Stuart F. Meyer Hospice House for patients and their families.

Donations have also provided a serene and tranquil butterfly garden with custom memorial brick pavers. Patients, families, and friends retreat to this beautiful garden to reflect, remember, refresh and pray.
